8 March 2018

Notification: 030 / 2018

Dear Parents / Guardian,

Learning Management System (LMS) - MOnline Portal

The school has engaged a vendor, MOnline.sg, to provide a Learning Management System (LMS) to enhance pupils' learning experiences and the communication between teachers, parents and pupils via the Internet. It not only allows the teachers and pupils to communicate via emails through a common platform outside curriculum time but also allows the teachers to assign work to pupils at home in the event of school closure.

Please refer to Annex A for login into Parent's and Pupil's Account. For safety and security reasons, you and your child are encouraged to change your MOnline account password.

e-Travel Plan

You may be planning holidays to overseas destinations for the family during the March vacation. Parents are reminded to declare your child's travel plans if he/she intends to travel. Please note that travel plans must be declared regardless of travel intent. Guidelines on Online Travel Declaration is attached in Annex A.

Safeguarding the health and well-being of our students is our collective responsibility. We seek your co-operation to seek medical attention for your child should he/she develop flu-like symptoms after your vacation and keep them away from school until they have fully recovered.

e-Notifications

As part of the school's efforts to improve home-school communication, as well as reduce paper wastage and do our part to care our environment, we will be issuing selected notifications to parents via the MOnline platform. Parents/Guardians are strongly encouraged to download the app, **MCO Connect**, on your mobile device to receive messages sent by school. Please refer to Annex B for the Step-by-Step Guide to Download the MCO Connect App. You could refer to our school website <http://www.mayflowerprimary.moe.edu.sg> to view all notifications under 'Quick Links'. We seek your kind patience and understanding for any challenges that might crop up in the initial stages of implementation.

Parents are also strongly encouraged to download the app, **MCO LMS**, on your mobile device for easy access to the portal. Please refer to Annex B for the Step-by-Step Guide to Download the MCO LMS App. This app would allow parents to view announcements on school events or notifications. Parents can declare your child's travel plans online with ease.

Mayflower Primary School | Our Pupils, Exemplary Citizens of Tomorrow

Cyberwellness

Our children harness the immense potential of technology to learn and play these days. As parents, we know these technologies are already a way of life and we need to support our children as they tap on these powerful tools.

To complement the cyber wellness curriculum in schools, parents can set a good example at home in the use of technology and play an active role in guiding our children to navigate in cyberspace. In order to guide our children, parents should build their awareness of the kinds of activities that take place in cyberspace. Guidelines on Helping Your Child Manage Cyber Bullying is attached in Annex C.

For more information, you may refer to link given <https://ictconnection.moe.edu.sg/cyber-wellness> to help you to reinforce Cyber Wellness education at home. Providing a holistic cyber wellness education requires a partnership between the school and parents.

Thank you for your commitment in supporting the children as they learn in this 21st century world.

Yours sincerely,

Mdm Noor Aidah Adam
SH ML/TL

Mrs Lim-Chua Siow Ling
Principal
